

More Than 80% of Businesses Overpay for Workers' Compensation.

Do you? CompWize and its affiliates have found that over eight out of ten businesses are currently being overcharged on their workers' compensation premiums.

Many employers simply accept their high Workers' Comp premiums as a fact of business life. Fortunately, there's a solution. CompWize's experienced examination of Workers' Comp insurance premiums identifies errors and inaccuracies that can reflect significant overpayments. The errors result in overcharges. We know where to find the errors and how to claim your refund, and in most cases refunds are retroactive for up to 3-6 years!

In today's increasingly competitive business landscape, an independent review of your workers' compensation program is an absolute necessity. Without it, you may be overpaying tens of thousands of dollars annually. CompWize helps ensure you are never overcharged again, providing peace of mind while saving you time and money.

The Compwize Team has Recovered over **\$300 Million Dollars** in Workers' Compensation Premium Refunds.

Risk-Free Workers' Compensation Audit Program

CompWize specializes in analyzing workers' compensation premium overpayments. We have found that statistical and human error often leads to incorrect classifications, erroneous modification factors, payroll audits, and other rating factors. Our Premium Auditors and Actuaries know where to focus and make the adjustments that result in lower premiums. CompWize has successful results in many industries, including but not limited to:

Manufacturing

Non-Profit

Construction & Contracting

Retail

Hospitality

Hospitals and Nursing Homes

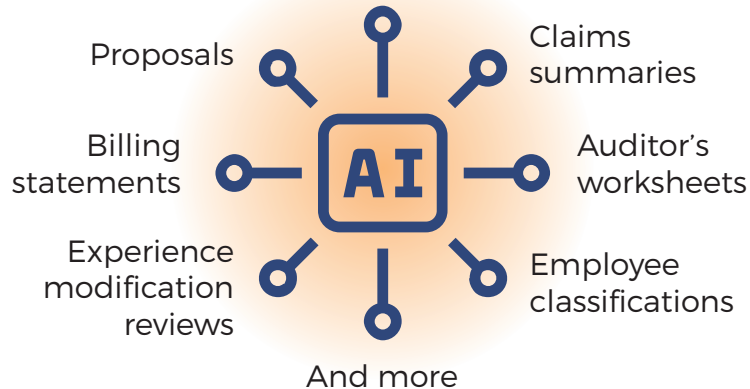

Wholesale & Distribution

What Is CompWize?

Our team of Premium Auditors and Actuaries utilize our proprietary software and independently reviews a client's current and previous workers' compensation policies.

Additionally, CompWize comprehensively reviews over 2000 items relating to the calculation of the client's workers' compensation premium charges. These items include:

No Recovery, No Fee!

We work strictly on a contingency basis and we absorb all of the costs for the analysis. We are only compensated when you physically receive your check or credit.

No Recovery = No Fee!
